### **069/23-24 Public Time**

Several residents of Padgetts Road voiced their objections to the proposed development of land south of Illizarov Lodge, particularly in relation to potential surface water issues, lack of infrastructure and amenities, pedestrian safety and assumptions regarding the type of properties to be built.

Ms Nason reported that Upwell Computer Repairs had made a copy of the former Christchurch History website to allow it to be retained for the future. Members agreed to meet the cost of this, amounting to £90 and Cllr Feeney will consider options for recreating and updating the site. She has consulted the Local Studies Librarian regarding the paper archives which could be sent to the County Archives.

It was reported that residents of Crown Road would be meeting representatives of the care company responsible for an elderly resident to voice their concerns.

Cllr Potter reported that a large heap of soil had been left in the field behind Brimstone Close and that children were playing on it. The Clerk offered to discuss this with the developer.

Cllr Sparrow reported that Mr Quail had kindly cut the grass along Crown Drove.

- a) Protecting hedgehogs - Townley School will distribute one hedgehog highway surround per pupil. Cllr Hayes will liaise with the school.

The Chairman has written an article for The Heron regarding this.

#### **076/23-24 Recreation Ground Extension**

Cllrs Hughes reported that weed removal is a priority. More hedging will be delivered shortly to be planted by the volunteers. He is discussing the installation of a bridge with the County Council's Bridges Officer.

#### **077/23-24 Planning**

Members considered the following applications:

- a) F/YR23/0769/PIP - Residential development of up to 5 x dwellings (application for Permission in Principle) - Land South of Illizarov Lodge, Padgetts Road, Christchurch

They expressed the view that modest development benefits the village in supporting the village school, the public house and community centre, with the possibility of reinstating the bus service in the future. They noted the concerns of residents regarding the speed of traffic along Padgetts Road and, in particular, the dangers this poses at the junction with Church Road and Scotts Road, where minor accidents and near misses are a regular occurrence and the residents' petition submitted several years ago asking the Council to take appropriate action. A reduction in the speed limit requires an increase in the number of properties on this part of the road. This proposal would meet the threshold for a new application.

Members expressed concern about pedestrian safety in this location and asked that consideration be given to the inclusion of a pavement when a detailed application is submitted to connect the existing dwellings either side of the development site and the new dwellings to the pavement in Church Road. Such a pavement would provide safe pedestrian access from this location to the entire village.

Members resolved to support the application.

b) F/YR23/0799/F - Erect single-storey and 2-storey side extensions, including additions to roof, to existing dwelling - Holme Farm, Padgetts Road, Christchurch  
Members resolved to support the application.

**078/23-24 Finance**

a) The management accounts as at 30.9.23 showed income of £21,163.35 and expenditure of £11,928.21, resulting in a surplus of £9,235.14 and total funds held of £50,553.40.

Barclays Bank (interest).....	£ 37.62
Fenland District Council (precept).....	£ 9,250.00
